| Project Analyst | Communications, Reporting, Analysis | Staff | | |

Summary

- A) With Project Management being a required support service offering and a direct expense to the project, Taidou has a blended team model to ensure adequate delivery at an affordable cost.
- B) One (1) FTE resource onshore to provide face-to-face support with the client
- C) Multiple resources offshore all encompassing a single blended rate for project support
 - A) This is not \$90 per hour per resource
 - B) This is \$90 per hour for the team
- D) This model can be expanded to include other projects within the same account with minimal additional costs
